Issue 30

## Comments from the Manager

Another financial year has been and gone and was certainly not as daunting as predicted with the global financial crisis.

With things uncertain and the future looking grim at the start of the year, we stuck to our guns and limited our expenditure to the absolute minimum. However, things turned out to be quite the opposite and the year for us was very successful. With the governments 30% investment allowance, it was a good incentive to upgrade some of our equipment, for OH&S purposes and to better our service to you, as our customers. Equipment included a Genie scissorlift for replacing windscreens and working at heights on trailers etc, a flywheel facer, engineering equipment and a computerised wheel aligner which is due to arrive in the workshop very soon.

We have also purchased from Freightmaster a recovery trailer which will be used on breakdowns. Our tow vehicle is still in progress.

On July 4th, our family was invited to the Barry Maney Group 33rd Birthday celebrations, which was attended by their company staff, Sub-dealers and partners. There we were presented with a 20 year award as sub-dealers of the Barry Maney Group, which included a plaque and a huge billboard of photos taken over the last 20 years (see page 3). Our invitation this year was extended to Jaime & Dylan and their partners for the first time, to receive the award as a family business. The night was fantastic and an absolute credit to Barry and his staff for their organisation and professionalism. We would also like to thank Barry for setting us up as a Sub-dealer for Kenworth and giving us the opportunity to be involved with such a good product.

Jenkin Racing Team have been busy at work during the off-season, getting the car prepared for a whole new look and hopefully a successful year.

With the rainfall well above average for July, farmers are gearing ups for a promising harvest, which in turn will benefit us all. Everyone keep up the good work and stay positive!

*John Jenkin*

## Staff News

### Dylan's 3rd Place

Congratulations Dylan Jenkin, on receiving third place in the Paccar Australia's Technician Development Program for 2008.

Dylan travelled to Kenworth Melbourne on 22nd April. He completed a quiz, covering papers studied throughout the year, then completed a practical challenge to diagnose and repair faults, achieving third place overall.

Well done, a great achievement!

### Training

Sam Chapman—Eaton Auto shift @ Adelaide - 22-23rd April.

Dion Morris—Kenworth Bendix ABS & Kenworth Air Brake Systems @ Melbourne - 5-7th July.

Dylan Jenkin—Kenworth Applications Engineering @ Melbourne - 2-4th June.

Brett Harry—Kenworth Steering Systems @ Melbourne - 23-24th June.

Thomas Crane—Eaton Heavy Duty Trans. & Auto shift @ Mount Gambier - 7-9th July.

Sam Chapman—Eaton Heavy Duty Trans. @ Mount Gambier - 7th July.

### Forklift Training

Congratulations to Reilly Sanders, Jacinta Fisher & Narelle Schneider on successfully gaining their forklift license on July 9th.

Irrigation Time is Coming up  
**FAST!**

Talk with your neighbours & mates, lets reduce costs and do as many as we can in the same trip.

With the purchase of a new hydraulic crimping machine we now can make - 3/4", 1", 1 1/4" multispiral hoses for all types of applications.

Also still stocking a large range of double braid hydraulic hose - 1/4" > 1".

# TATIARA TRUCK & TRAILERS PTY LTD BORDERTOWN

*Celebrating 20 years quality service as a sub-dealer for the*

Presentations awarded to Tatiara Truck & Trailers on 20 years as a Sub-dealer for the Barry Maney Group.

Barry's foresight 20 years ago to set up the 1<sup>st</sup> Sub-dealers in Australia was an excellent move. He had a large customer base in Bordertown, Horsham and Warrnambool, he established a sub-dealer in each area. Sub-dealers now play a major part of the Kenworth Service and Parts network Australia wide, with around 40 Sub-dealers around the country.

Being able to be a part of the Kenworth group has allowed Tatiara Truck & Trailers to tap into the best parts & service networks available to the transport industry.
