## Comments from the Manager

### New Invoices & Statements

At the start of October we upgraded our computer system.

Resulting in a new look service & parts invoices & new statements.

We would like to thank our customers for your patience while we made the transition to the new system.

As you can see by the length of the newsletter, there is certainly still plenty going on in the world of Tatiara Truck & Trailers.

I have been receiving plenty of positive feedback about the newsletter from people awaiting it's publication each quarter, so I would like to thank Narelle for her hard work & creative skills in putting it together for us & for you.

Business has been busy preparing everyone for harvest as well as still servicing our regular cliental. There is still plenty going on in the transport industry with new trucks still being delivered locally & second hand purchases being made.

The new workshop extensions will be going ahead at the start of the new year & plans are currently being considered for expansion to the office area which will more than double in size.

On the staffing front, I was very proud to be involved in the Worldskills Presentation Night recently, watching 2 of our apprentices receive their awards. Well done to Thomas & Henry. It is also pleasing to have a couple more people join our team, taking our staffing level to just under 40.

The speedway season is well underway. It has been a gruelling off-season preparing ourselves to take on the World Series rounds, which started up in Brisbane last weekend. We were pleased with the result, considering it was the first time we had even seen the track. Thank-you to all of our sponsors this year. This wouldn't be possible without you. Be sure to follow Dylan's progress on the web.

Good luck to all of the farmers with their harvest & Merry Christmas & Happy New Year to you all.

*John Jenkin*
