Comments from the Director

2014 has certainly started with a bang, as we reach the end of our busiest summer to date. The new facility is proving an asset for both our staff and customers. We are able to deliver faster and more efficient service than ever before and continue to strive to exceed our customers expectations.

In conjunction with our increased space and workforce, we have recently invested in another parts washer. This is part of an overall plan to increase efficiency and function of our workshop extension. We have also purchased another loan car to ensure that this service is as readily available to our customers to decrease down time and inconvenience.

As the World Series Sprintcar season draws to a close I would like to take this opportunity to thank everyone who expressed their support through Facebook, sponsorship and team assistance. It has been a pleasure to race again and my family and I have been overwhelmed by the enthusiasm and assistance from others.

I wish to personally congratulate Renee Gericke in her selection as a finalist for the 2014 Kenworth Technician on the Year. I am proud to once again have Tatiara Truck & Trailers represented at this competition. I am confident that Renee's capabilities and attitude will reflect well upon both herself and our organization and wish her all the

very best.

I would like to congratulate our neighbours, Wickham Flower & Co, on the completion of their new premises. This is a first class facility and is an asset to the industrial estate. Unfortunately I was unable to attend their recent Grand Opening

Dylan Jenkin with daughter and supporter, Lara, at the recent World Series competition in Western Australia.

but would like to congratulate the directors on this investment and commitment to the long term prosperity of our industrial estate and wider community.

In the coming months we will be spoilt for motor sport entertainment, with the Tolmer Speedway hosting their final event for the season on Good Friday.

On April 12 the Tatiara Karting Club will be hosting the 100cc Gold Cup. This event will showcase the new lighting and track improvements. Both events pose to be highly successful, with a large number of nominations. I encourage the community to support these family friendly events by enjoying both the racing and post race entertainment provided.

I would like to wish Bob Piconey well in his retirement. Bob has been in the industry for many years, having travelled in excess of 11 million kilometres throughout his career. Bob came to Tatiara Truck & Trailers for his final service on the 27th of February. His presence in our organisation will be missed. We hope he enjoys a relaxing and restful retirement.

On behalf of everyone at Tatiara Truck & Trailers I wish you and your family a safe and happy Easter.

Regards,

John Jenkin

Polos, hats, shirts, beer mugs and more!

Public Holiday Closure

The management of Tatiara Truck & Trailers wish to advise that we will be closed on the April 18th, 19th, 21st and 25th to observe the Good Friday, Easter Saturday, Easter Monday and ANZAC Day holidays. Please be advised that our call out service will remain available every day, 24 hours a day on 0418838437.

Introducing

Powered Roll Top Tarps

The management of Tatiara Truck & Trailers are proud to announce that we are now the South Australian agents for Razor International powered roll top tarps. Throughout February the trailer mechanic team have been developing their skills in installation of this technology and have so far successfully installed seven units.

The Razor Rollover Tarp has evolved into an extremely efficient drive-system that allows the operator trouble-free use for years to come. The system comes complete with manual override capability and is rising in popularity due to increased occupational safety regulations.

No more manual winding:
Daryl examines the operation panel one of the completed powered roll top tarps

Australian designed & manufactured
Heavy Duty 12volt motor
State-of-the-art electronic controller

Features & Benefits

- Ensures perfect tarp tension every time
- Eliminates the risk of injury
- Increases productivity

Since the last edition of TTT News the Jenkin Racing Team has travelled to Lismore, Perth and Bunbury.

This was the first time that Dylan has competed at the Northern Rivers Venue and after qualifying for the 30 lap final in the middle of the pack Dylan emerged with an 11th placed result.

The team travelled to Western Australia for the final three rounds of World Series Sprintcars at the Perth Motorplex and the Bunbury Speedway, where Dylan finished 7th and 5th, respectively.

After enjoying a successful campaign in Western Australia the week prior to the opening night of the Grand Final didn't go to plan, as Dylan missed the qualifying invert and ended the night twelfth in the B-Main. The second night of competition proved more successful as Dylan drove to an easy heat win during his opening preliminary.

Once his performances from the two nights were tallied together Dylan then started last chance qualifier from position fifteen and he put in a storming drive to charge his way inside the top five and gaining a spot in the 21 car field for the A-Main.

Dylan's fifth placed B-Main result translated into a nineteenth placed starting spot and at the completion of one of the best Sprintcar races of the season Dylan finished the final World Series Sprintcars A-Main in thirteenth position.

After travelling across the country for the last two months, taking in 11 rounds and thirteen nights of racing, competing against some of the best drivers in the World Dylan managed to secure a career best seventh overall in the series going one better than his eighth place in the series in 2011/12.

Thankyou to all of the sponsors and supporters throughout the season.

KW Technician of the Year

Finalist: Renee Gericke

Qualified Auto Electrician: Renee Gericke

Congratulations to Renee Gericke, who was signed off as a fully qualified Automotive Electrician in January. Renee has proven to be a diligent and resourceful technician. Throughout the year Renee also achieved excellent results in Take The Challenge, which is a series of written tests. This has led her to be selected to compete in the prestigious 2014 Kewnworth Technician of the Year Competition.

The competition will be held in Melbourne in March. Renee is the first ever female to be selected as a finalist and everyone at Tatiara Truck & Trailers wishes her every success.

Staff News

Farewell: Aaron Schneider

After six years of service in our auto electrical department, including some time as leading hand, we have farewelled Aaron Schneider. Aaron left in late December to pursue a career in private enterprise. We wish Aaron well in his new venture.

Congratulations to Travis Nitschke, who commenced a school based apprenticeship in January. Travis completed work experience in late 2013. During this time, Travis proved his enthusiasm and natural aptitude for heavy diesel mechanics. Travis will be working one day per week whilst he continues to complete his high school certificate.

**School Based Apprentice—
Travis Nitschke**

Farewell: Anika Johannsen

Spare parts assistant, Anika Johannsen, has left the industry to complete studies in fitness. Anika has worked with Tatiara Truck & Trailers for 18 months and we wish her all the best in her future employment endeavours.

Congratulations to Jason Power, who has commenced a school based automotive electrician apprenticeship. Jason will work in conjunction with Keith Area School to complete his SACE and trade.

**School Based
Apprentice—Jason Power**

Spare Parts: James Gersch

We recently welcomed James Gersch, who will be working with the remainder of the spare parts team to provide fast and efficient service to our customers. To contact the spare parts team call (08) 87 52 0077, extension 3.

Barry Maney Group Visit

Congratulations to apprentices David Power and Todd Watson, who recently completed short term work at Barry Maney Group. The pair travelled to Mt Gambier to

Todd & David

assist the Barry Maney Group with pre delivery service. In addition to the experience of working with a different team, David and Todd were exposed to a different working environment and operations.

Loan Car Fleet Expanded

By Popular Demand

The management of Tatiara Truck & Trailers is pleased to announce that our loan car service has recently become more readily available to our customers, with the purchase of a new vehicle specifically for this purpose.

We appreciate how valuable time is, so endeavour to have loan cars available at all times. This vehicle is both safe and reliable and a commitment to continuing to meet customer demand.

To enquire about the availability of a loan car upon your next service or repair please contact one of our service team on 08 8752 0077, extension 2.

Service administrator, Roey Sanders, with the latest loan car

Staff Training

Thomas & Russell

Thomas Crane & Russell Twigden have both recently completed training in the E5 Cummins Common Rail SCR Engine. Russell and Thomas travelled to Melbourne during January and both achieved outstanding results.

Congratulations to Jaime Virgin & Dylan Jenkin, who completed Service Management and Absorption Training with Kenworth in December. Jaime & Dylan travelled to Paccar in Melbourne, where they completed training in being a company director and business development.

Jaime & Dylan
