TTT NEWS

ISSUE 49

MARCH 2015

Johns Corner

Welcome to the first edition of TTT News for 2015. We hope that you all enjoyed a happy festive season & that the new year has got off to a good start.

I would like to thank Donna Clark, our IT Administrator for taking over from Bec Jones in compiling & distributing this newsletter with our companies latest & upcoming news. For any ideas or suggestions on how we can improve this, please let Donna know.

I'm excited about the year ahead which is filled with more racing, facility improvements, staff training, dealer conferences, annual staff events & of course as always plenty of work!!

Above all, I'm very excited to be attending the National Road Transport Hall of Fame in Alice Springs again this year. My aim is to restore my fathers truck for the event which will be a great memorial as this was the vehicle which brought me home from hospital 60 years ago.

We were very fortunate in February to have John Bowe call in for a visit on his way to the Clipsal 500 in Adelaide. This was an

impromptu event, leaving us not much time to organise, however we appreciate the customers that were able to make it.

This came about due to our very new dealership we have entered into with Dunlop Tyres. Up until now we haven't really advertised this new service as it initially began as a trial which has now ventured into a becoming a Dunlop Super Dealer. This is a way of offering a complete service to our customers.

Dunlop is one of Australia's premier tyre brand that make a diverse range of world-quality and technically advanced tyres including light & heavy trucks. Our staff have been trained in basic fitting, wheel balancing & alignment to puncture & repair work.

This has been Dylan's passion & he has headed this service up, so for further information & advice please contact our service department & ask for Dylan Jenkin.

We are in the process of preparing the southern end of the site for bitumen which will hopefully alleviate the amount of dust caused

by the incredible amount of wind we have had this season & trucks travelling around the workshop. We are looking forward to this being completed by the end of March so we apologise in advance for any inconveniences this causes.

We would like to make note of the new Paccar Parts logo which was launched at the end of last year. It is the retail brand that sells Kenworth, DAF, PACCAR genuine, TRP & multiple vendor brand parts. We are proud to be associated with this franchise due to the professionalism, quality & efficiency that it brings to our business.

As a community involved business we are proud to have been involved with Welly's Poker Run, Lake Charlegrark Country Music Festival, Farmers Golf Event & the upcoming Truck & commercial vehicle display at Mundulla show & Keith Diesel & Dirt.

The long range weather forecast at this stage looks promising so make sure you "have your boots at the back door".

Regards

John Jenkin

New Accounts e-mail Address

To simplify all account related enquiries we have now set up an accounts dedicated email address accounts@ttbt.com.au. Please use this email address for all your invoice, statements and remittance related enquiries — Thank you.

Easter Holiday Period Opening Hours

Tatiara Truck & Trailers will be open standard trading hours on all weekdays over the holiday period. We will be closed on all public holidays. The 24 hour call out service will remain available at all times on 0418 838 437.

Dunlop Super Dealer shed located at Tatiara Truck & Trailers

As part of our Dunlop super dealership we were delighted to have John Bowe here in Bordertown for a meet and greet session with our staff and customers. John was accompanied by representatives from Dunlop Tyres Australia & New Zealand and Wilson Security.

It was a successful and enjoyable afternoon with many customers coming in and having a look at the setup of John Bowe's car

"Mustang Sally" and the transporter along with the Wilson Security show Volvo.

Some customers also brought in their own cars of pride to show on the day and we thank them for this. It was great to see such a love of motorsport in the community.

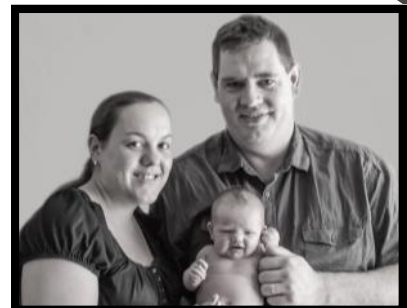

Thank you to all those that attended and made this such an enjoyable afternoon.

Dylan Jenkin & John Bowe

Stalk News

Management and staff would like to congratulate Russell, Krystal & Hannah Twigden on the birth of their daughter/sister Peyton Claire on 11 February. A beautiful addition to their family

Russell & Krystal Twigden with Baby Peyton

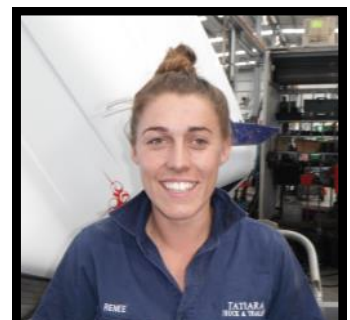

Staff News

During December we fare welled Bec Jones from our Admin team as she takes on a new venture in life. We thank Bec for all her time and dedication and wish her the best of success in her future endeavors.

In January we welcomed back Renee Gericke to our auto electrical department after her extended leave. It is great to have her back as part of our team.

February saw us farewell Travis Fisher from our engineering department. We thank Travis for all his efforts and wish him every success for the future.

Auto Electrician**

Vic roads Update

As of 10th February 2014, all of Australia except NT & WA have enabled legislation to hand over the regulation of heavy vehicles to the National Heavy Vehicle Regulator (www.nhvr.gov.au) for all aspects of heavy vehicles. This includes enforcement, the management of fatigue, trip planning, mass accreditation & vehicle standards.

Victoria through Vic Roads & other states/territories will continue to administer the enforcement & roadworthiness to National Regulations & standards using the current schemes.

As a Vic Roads Licensed Vehicle Tester, we will continue to conduct RWC on heavy vehicles using the Heavy Vehicle National Law (NVNL) and NVNL Vehicle Standards Regulations 2013.

In February, both Dylan Jenkin & Brett Harry attended a Heavy Vehicle Examiner Refresher Course which is compulsory for Vic Roads Testers to make them aware of the changes to the testing standards & procedures due to the National Legislation.

Staff Training

Supplier training dates have been released for 2015 & staff will be attending these throughout the year. There have been some major changes with the delivery of training which is filtering through all suppliers meaning there is a lot of online prerequisites prior to attending. We are dedicated to this in ensuring all staff are trained in the latest technologies & being able to provide the best quality service.

SA Roadworthy Inspections

We are happy to continue the relationship with Transport SA which enables us to have Transport SA inspectors perform inspections within our workshop. This service has become increasingly popular and booking wait times are the longest we have seen.

To enable this process to run smoothly and efficiently we ask all customers to please ring and notify our service department when they have made a booking with Transport SA. This will enable us to assist you in making sure that your inspection does not get overlooked prior to your expiration date and ultimately assist us in organization of the workshop for inspection days to ensure that the process runs as smooth as possible.

If you would like our team of technicians to check over your vehicles prior to inspections please make a booking with our service department early. This will help us in allowing enough time to thoroughly check over your equipment and advise or perform any necessary repairs prior to your inspection appointment.

All bookings are to be made direct with Transport SA on 1300 882 247. Please have your registration number, client number, inspection type and a credit card for payment.

Jenkin racing team kept busy throughout December and January, competing in 14 shows from Boxing Day in Adelaide, Murray Bridge, Mt Gambier, Warrnambool, Geelong and Sydney.

In January Dylan and the team travelled to Sydney for a fast packed night of racing. Dylan timed 12th out of the 74 nominated cars with a finishing place of 16th overall.

Although Dylan didn't compete in 6 out of the 12 round of World Series, he still finished in 22nd position out of 123 competitors throughout the series.

The Classic this year was again a big event, having over 120 nominations for the weekend. Dylan finished 6th in the B-Main for this event, just missing out on the A-Main by 2 spots.

During December Dylan took the car and transporter to the local area school provoking much excitement and questions from the students. This was prior to the local show in Bordertown which he won in front of his home crowd.

Make sure you keep Easter Friday, April 3rd FREE for 360 Sprintcars in Bordertown.
