Gift Guide 2024

WELCOME TO THE PACCAR PARTS NOVEMBER-DECEMBER CATALOGUE!

As the year draws to a close, we want to thank you, our valued customers, for your partnerships with PACCAR Parts. Your trust in our products and services has been the cornerstone of our success, and we are grateful for your continued support. Each purchase you make from our stores not only fuels our commitment to quality but also strengthens our longstanding relationships.

Reflecting on 2024, we are proud to share some significant milestones. In Brisbane, we celebrated the doubling of our distribution centre capacity after opening a new facility in late 2023. The expansion allows us to keep broader inventory on hand, ensuring that the needs of customers in Queensland and New South Wales are met swiftly and effectively.

At our Bayswater campus, we are thrilled to announce the completion of our new head office, alongside the extension of our flagship distribution centre, which has expanded by 50% to more than 15,000 square meters after more than a year's worth of construction – all while remaining operational.

These expansions represent our dedication to providing our dealerships and customers with premium parts and service for current, past and future Kenworth and DAF trucks. With the new facilities, we aim to streamline our processes further, enhance our logistics capabilities and provide you with an even better experience.

As we move into the festive season, we encourage you to explore the latest offerings in this catalogue. Whether you're looking for essential parts or innovative accessories, we have curated a selection tailored to keep your operations running smoothly. Our team is dedicated to ensuring that you have access to the best products available, allowing you to focus on what you do best.

During this time of joy and reflection, we want to extend our warmest wishes to you and your loved ones. May your Christmas be filled with happiness, and may the New Year bring you prosperity, health and success. We appreciate the trust you place in us and look forward to continuing our journey together in 2025 and beyond. Thank you once again for being a valued part of the PACCAR Parts family. Your support means the world to us, and we are excited about what the future holds.

Merry Christmas and a Happy New Year

November 2024

THIS ACCESSORY AND MORE CAN BE FOUND
IN THE ALL-NEW K220 ACCESSORIES GUIDE

KIT OUT YOUR KENWORTH K220

Kenworth's latest accessories catalogue for the mighty K220 is brimming with kit that enables operators to transform their truck and stand out from the crowd.

From light bars to mudguards, wheel nuts to seat covers, and sunvisors to cab steps, Kenworth's K220 Accessories Catalogue has it covered when it comes to making your rig stand out on the road.

The latest iteration of the renowned K Series range, the K220 is already one of the most instantly recognisable trucks on the road and Kenworth's latest range of accessories are designed to highlight its new sleek design lines.

Released in 2022, and hailed as Kenworth's most evolved, refined, and technologically advanced truck yet, the K220 is "largely targeted at East Coast B-Double applications but is suited for practically any application", according to PACCAR Parts Australia Aftermarket Engineering Product Manager Brenton Campbell.

It's also one of the most customisable trucks on the market thanks to the wide range of Kenworth Genuine Accessories developed specifically for the K220, a range that has expanded significantly in the 12-months or so that the truck has been on the market.

"With the growing number of K220s now on the road in different customer configurations, we felt the time was right to release a more comprehensive list of accessories for the truck," says Brenton.

Included in the comprehensive 20-page catalogue are popular and essential K220 accessories like driving lights, radios, cameras and aerials, along with interior accessories such as dash mats, seat covers, and floor mats. The list of stand-out exterior accessories includes stainless steel sunvisors, exhaust stacks and side steps.

"Accessories fall into two main categories, the first being those for functional applications," says Brenton.

"For instance, if the truck is going to be doing a lot of overnight work, the operator will want to make sure it has fantastic lights. In this sort of environment high-quality driving lights become much more important because they're a key safety feature. Similarly, things like bull-bars and other protection accessories are often fitted with

a view to the type of road conditions the truck will be operating in.

The second category is for those people who take extra pride in their truck; they want it to look its best and really stand out. This group often fit high-quality stainless-steel accessories which can include highly functional components like sunvisors and mudguards, but also accessories like grille bars and exhaust stacks which are more about giving a truck its own distinctive look and feel."

"Grille bars, sunvisors and fuel tank straps are expected to be among the most popular stainless-steel accessories, while 9-inch round driving lights and lights bars are perennial electronic favourites, with a wide range of options available in both light configurations", says Brenton.

"We've got a much larger range of stainless-steel products including mudguards and sunvisors than we've had in previous years and these are always popular. Likewise, our expanded range of branded interior accessories like sheepskin seat covers and dash mats are great ways to personalise the K220 interior.

From the factory the K220 is already a great looking truck, so this range is all about complementing the factory-fitted parts to really accentuate its features. As we say in our marketing tagline, these accessories allow operators to 'transform their truck'."

The Kenworth K220 genuine accessories catalogue and range are available at any of the 60 PACCAR Parts dealer locations nation-wide, so call in and chat to the friendly team who will be happy to showcase the new products.

SIGN LANGUAGE

Stay safe and compliant with TRP's new range of Road Safety Signs for trucks and buses.

Australia's tough road conditions need tough signage to survive it. As a safety requirement, your trucks' signage also needs to conform to stringent rules and regulations.

TRP Truck and Trailer Parts' extensive local knowledge means we understand exactly what's needed for Aussie operators, and we've built our product range to match.

From prime movers to rigid trucks, road tankers to vehicle carriers, log skels to tipper dogs, TRP Truck and Trailer Parts offers a wide range of road safety signage to keep drivers and motorists safe.

Importantly, the new TRP safety signage range is compliant with all National and State regulations, and meets all relevant ISO, Australian and National Heavy Vehicle standards.

The extensive range includes rear markers, over dimensional signage and dangerous goods flip signage that covers most truck and trailer applications.

The signage is available in a variety of formats, dependent on the application, including vinyl banners, mesh flags, and aluminium and decal signs in single-piece and two-piece styles. The entire range can be seen in the latest TRP "Road Safety Signs" range guide, now available at all PACCAR Parts and TRP dealerships, Australia-wide.

TRP's latest Road Safety Signs brochure contains detailed installation instructions for different vehicles and sign types and our friendly staff can provide advice and assistance on choosing the correct signage for your requirements.

To find out more about the TRP range of quality products and services, **FREECALL* 1800 (TRPART) 877 278** to speak to your local dealer or visit trpparts.com.au

NEW TRP® STORE OPENS IN TOLGA

The town of Tolga, situated in the Atherton Region of Queensland 88km south-west of Cairns, is now home to a brand-new truck and trailer parts store under the globally successful TRP® brand.

The new store is owned and operated by the Brown and Hurley Group and it is the fifth TRP store the group has opened since 2021. Brown & Hurley held an open day event at the new TRP Tolga store on Friday 18th October, where attendees enjoyed trucks on display, parts specials, an opportunity to meet suppliers, a BBQ lunch, and giveaways.

The TRP brand, positioned as an affordable all makes supplier of high-quality parts for prime mover, rigid trucks, and all types of heavy trailers, now has 289 outlets worldwide, including sixteen in Australia.

The store stocks a high proportion of consumables for all major truck brands, ranging from filtration, lubricant, and electrical products, to brakes, suspensions, steering, wheel ends, trailer parts and accessories. All TRP Parts come with a minimum 12-month warranty.

Brown & Hurley Aftermarket General Manager, Darren Rawson, said "Brown and Hurley are excited to be adding a TRP franchise to the existing Parts Store in Tolga. The Atherton region has a strong presence of Kenworth and DAF product of which was being serviced via a Sublet Dealer, however it made sense to integrate into a recently purchased Brown and Hurley dealership. Our team at Tolga are very excited and looking forward to supporting the customers of that region with Truck and Trailer parts and building new relationships for future growth".

The TRP Tolga store is located at 10 Beantree Road, Tolga QLD 4882. 07 4095 4132, open 7.00am - 5.00pm Monday to Friday.
